This group of products offers the strength retail displays and casework demand of hardware. All slides are full extension and most feature a hold-in detent to prevent drawers from rolling out or bouncing back open when closed. From the top quality 3132 Eclipse to the special features offered by the 3832 family, there are plenty of choices to fit your project.

MODEL	LOAD	DRAWER WIDTH	APPLICATION BENEFIT
3132EC*	100 lbs.	30"	The Eclipse, Easy-Close, is a premium concealed solution that brings drawers to a fluid, gentle close.
3832AA	100 lbs.	16"	A unique slide ideal for store fixtures that lends a hand to open and close drawers.
3832SC* 3834SC	100 lbs.	16"	The self-closing feature efficiently keeps drawers closed and aligned. Model 3834 offers over travel.
3832TR	100 lbs.	16"	These slides keep drawers or shelves in a closed position until you press on the drawer front to release.
3640A*	200 lbs.	42"	Heavier drawers, wide lateral files, and flat files common to retail environments are well supported by this slide. The 3640A may also be flat-mounted, for a concealed solution at a lower load rating.
9301*	150–500 lbs.	Varies according to usage	Heavy-duty storage bins and display rack platforms are easily carried by the 9301. This model may also be flat-mounted and an optional bracket kit adds additional mounting flexibility.
