Accuride

StowAway Slides

3600-200/3600-201

Accuride's StowAway slides offer a unique solution for bin storage applications. Keep kitchen recycling, waste, or compost containers out of the way and out of sight. Other uses include laundry baskets, vegetable or pet food storage, or other supply storage in residential and commercial environments.

Keep waste containers hidden and closed for a more sanitary environment in retail fixtures or institutional applications.

Features and Benefits

- Up to 175-lb. load rating
- Full extension for complete access.
- Pull-outs up to 16-inches-wide
- Handed lever disconnect
- Self-closing action ensures closure. This feature activates about 2.5 inches from the cabinet opening.
- Attached brackets permit side, top, or bottom mounting.

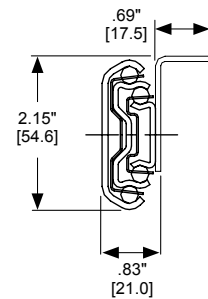

Installation

- Model 3600-200 has fixed inboard bracket to carry the platform. The outer member of the slide is side-mounted to the cabinet sidewall.
- Model 3600-201 includes a fixed inboard top bracket and outboard bottom bracket that allows the slide to be mounted to the top or bottom of the case. Depending upon desired mounting style, the platform may be affixed to either bracket.

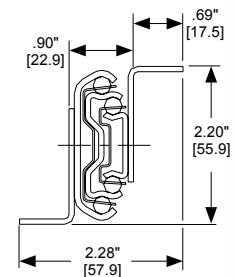

Availability

- Clear zinc finish
- Offered in a 22-inch length designed to fit standard cabinetry.
